\* reinsortig nicht als Carnuntum DAC-Wein zugelassen  
\* monovarietal not permissible for a Carnuntum DAC wine

# Zweigelt in Carnuntum

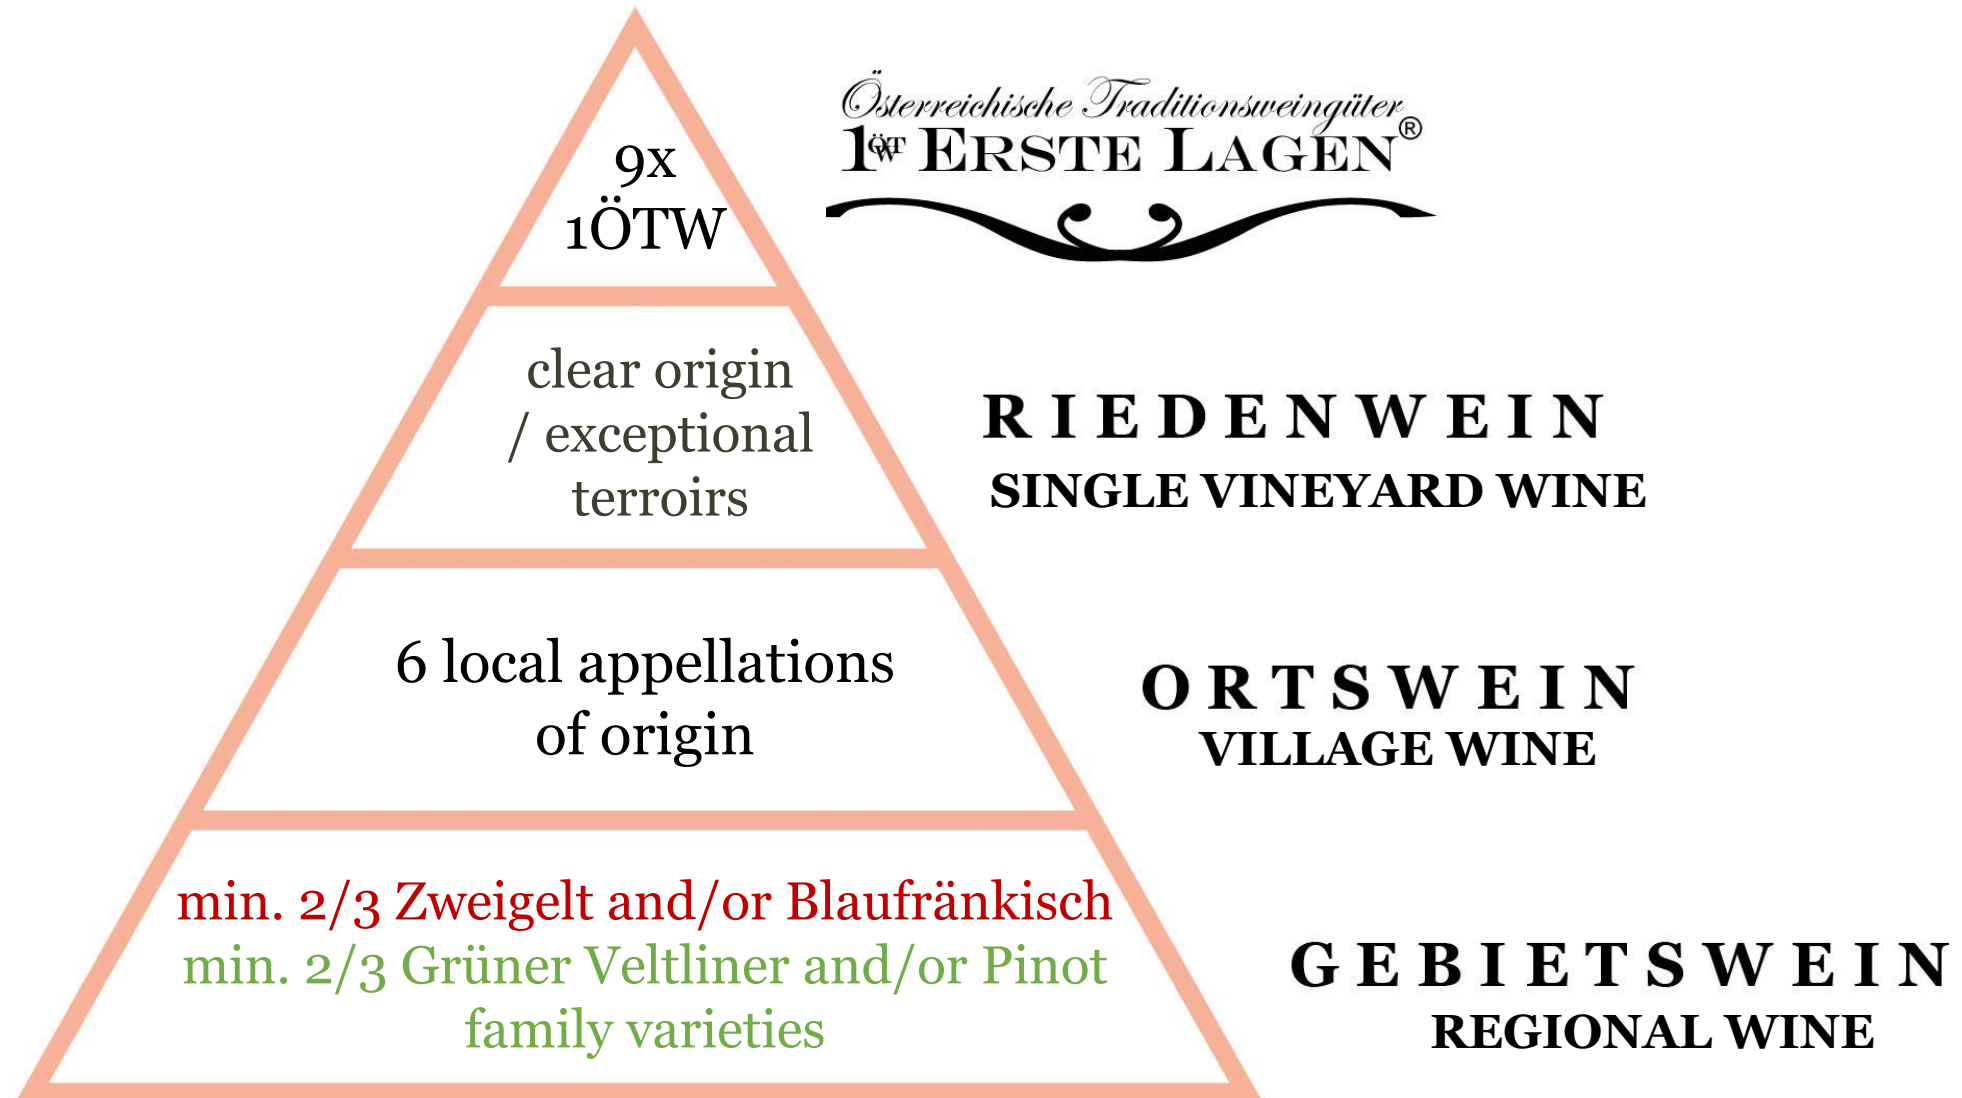

- **Indigenous Austrian red grape variety**  
*Blaufränkisch x St. Laurent*
- **235 ha of 906 ha planted to Zweigelt - 120 ha bottled as monovarietal**
- **It's a Match**  
Delicate skin → strong winds  
Roots need moisture → loamy, clay-rich soils
- **Wine Profile**  
Elegant, but compact on the palate, cool and complex aromatics, juicy structure

# The Rubin Carnuntum

- **Since 1992**
- **Logo on the capsule**
- **100 % Zweigelt**
- **The best expression of the region**
- **Since 2019 „Gebietswein“ DAC**
- **Every 6th red wine bottle from Carnuntum is a Rubin Carnuntum**

*Rubin*  
CARNUNTUM 

# Blaufränkisch in Carnuntum

- **Variety indigenous to Central-Eastern Europe**
- **95 ha of 906 ha planted to Blaufränkisch**
- **Trend since the year 2000**  
Climate change and the focus on top-quality favours the rise of the variety
- **Wine Profile**  
elegant, fine-grained tannins, balance between ripeness and acidity

## III. Flight: Ried Spitzerberg in Prellenkirchen

### 5. Wine: Weingut Pelzmann

2019 Ried Spitzerberg <sup>LÖW</sup>

*100% Blaufränkisch*

**Signature variety:** Blaufränkisch

**Soil type:** Limestone, Dolomite,  
calcerous Vineyard in between the  
Alps and Carpathians, very arid,  
strong winds from the southeast

## III. Flight: Ried Spitzerberg in Prellenkirchen

### 6. Wine: Weingut Riedmüller

2019 Ried Spitzerberg

*100% Blaufränkisch*

**Signature variety:** Blaufränkisch

**Soil type:** Limestone, Dolomite,  
calcerous Vineyard in between the  
Alps and Carpathians, very arid,  
strong winds from the southeast
